

The Red Hen Project is a small charity supporting families with children at 5 schools; Arbury, The Grove, King's Hedges, Orchard Park and Shirley.

Chris and Maria (Home School Project Workers) support families and provide a link between home and school. We work with families on lots of different things including; parenting/behaviour, bedtime routines, healthy eating, school attendance, benefits, housing, helping new families integrate into the community, information & advice on other groups & activities, as well as helping children and families with confidence, self-esteem, resilience.

### Last term:

- ✓ In March, Maria has delivered **Good Bedtime Routine workshop** at Kings Hedges School. The parents found the tips & resources useful.
- ✓ In March 17<sup>th</sup> the '**Cambridge Concert Orchestra**' presented '**Morning, Noon and Night**' Concert in our community. We are very grateful.
